

ONE

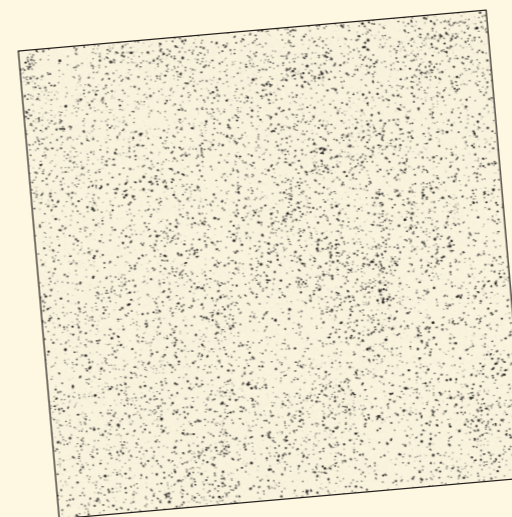

IS MORE, IS THE FIRST.

Girandole colorate, gigantesche scacchiere, labirinti geometrici, conchiglie nei ninfei barocchi. La collezione nasce dalla sfida di voler portare a pavimento per la prima volta la tecnologia della colorazione a freddo di cui siamo pionieri per pareti verticali, che ci permette di avere colori brillanti e impossibili da ottenere con i canonici cicli di produzione. One ripropone il tema delle cementine ma in formato esagerato, in 120x120 a spessore 6mm: grande e vistosa, con trame grafiche che percorrono la superficie e la rendono estremamente contemporanea e solare. Un caleidoscopio che muta nel colore ma non nelle forme, crea simmetria, gioca con le proporzioni, porta nuovi colori. Questo gioco è fatto di diversi livelli: il fondo neutro puntinato, 2 decorazioni a caldo e 6 proposte decorate a freddo.

One è energia decorativa!

Colored pinwheels, giant chess boards, geometric labyrinths, shells in baroque nymphaea. Our pioneering commitment of implementing cold digital technology to floor application led to the creation of this collection. This game-changing production process - of which we are frontier settlers in terms of vertical walls - allows for the reproduction of brilliant colors that would be impossible to obtain otherwise. 'One' revisits the theme of encaustic cement tiles but in an oversized and eye-catching format: a 120x120 tile with a thickness of 6mm. The graphic textures run through the entirety of the surface making it extremely contemporary, playful and cheerful. As a kaleidoscope, this collection changes color but not shape, creates patterns, plays with proportions and gives life to new colors. 'One' is a multilevel game: an all-around neutral dotted tile, 2 traditional digital decorations and 6 cold digital decorated options.

One is decorative Energy!
