

DRIPART

LiquidGesture

Dripart è la collezione ispirata al metallo, alle atmosfere alchemiche, al processo di trasformazione che il tempo fissa nella materia.
Nasce dal desiderio di catturare il momento presente, impresso nella natura istintiva degli elementi.
L'arte del divenire nella materia e il potere di coglierne la sostanza.

Dripart is the collection inspired to metal, to alchemical atmospheres, to the transformation process that time fixes in matter.
It arises from the desire to capture the present moment, imprinted in the instinctive nature of the elements.
The art of becoming in matter and the power to catch its substance.
